NEW YORK, August 23, 2007 – *Inc.* today ranked **DiaTri, LLC, 3,821** on its first-ever **Inc. 5,000** list of the fastest-growing private companies in the country. The **Inc. 5,000**, an extension of *Inc.* magazine's annual **Inc. 500** list, catches many businesses that are too big to grow at the pace required to make the **Inc. 500**, as well as a host of smaller firms. Taken as a whole, these companies represent the backbone of the U.S. economy.

"The **Inc. 5,000** provides the most comprehensive look ever at the most important part of the economy – the entrepreneurial part," said **Inc. 5,000** Project Manager Jim Melloan. "The expansion of the list has allowed us to tell the stories of larger companies, older companies, and a wealth of companies in industries like manufacturing and construction that are underreported in the business media.
